

# FINAL WARNING

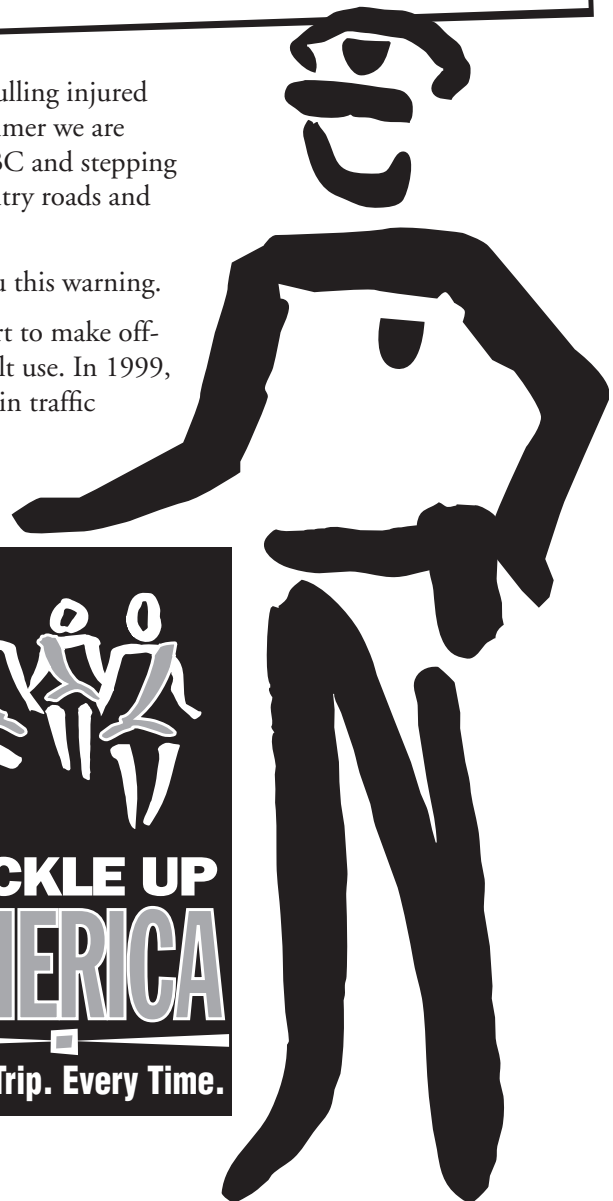

**We don't like issuing tickets.** But we don't like pulling injured and dead bodies from crumpled cars either. So this summer we are standing behind Buckle Up America and Operation ABC and stepping up enforcement not only on the highways, but on country roads and city streets.

We don't want to give you a ticket. So we are giving you this warning.

Come join us for the launch of our campaign—an effort to make off-highway seat belt use at least as common as highway belt use. In 1999, nearly 19,000 unrestrained drivers and passengers died in traffic crashes—more than 3,000 of them children.

**If more people buckle up, more people will survive.**
